Another railroad engineer took & nap and twenty-nine passengers went into death's sleep.

while yet.

For the life of him Commander Peary can't see why people take so much interest in politics.

Speaking of the age-retirement clause, most men cease to be the head of the family after 35.

The winning of the championship by the Bostons was a vegetarian vic-

tory. Beans defeated tenderloin. If King Lear had ever heard of Harry Lehr the probability is that he would have been even more despon-

A Chicago man committed suicide while smoking a pipe. He is not the only man who has smoked himself to death.

Mont Pelee does not mean to let any little old second-class volcano like Vesuvius have a monopoly on public attention.

A man can drink whisky or he can run an automobile, but he cannot Jessie; don't reject Mr. Blake." successfully and safely combine these operations.

He is the first archbishop of Cantershows naughts.

Mont Pelee has broken loose again. Pelee is like the average human being. Having had a taste of notoriety. she can't keep still.

What puzzles Russell Sage is how her cousin's hands. a man like J. Pierpont Morgan can going on a vacation.

Spain is to have no more Sunday buli-fights. Owing to the activity of the meat trust, Spain probably finds it necessary to save her bulls.

A New York woman resents her neband's insinuation that she can t play a good game of poker. The only game a woman can't play is "whist!

Another fact which has received

practical demonstration is that autonobiles can go much faster than any community ever will care to let them It used to be the coachman, but

row it is the chauffeur with whom the mpressionable daughter of the house s falling in love. She must have wheels. Perhaps those corporations that

have decided not to employ men who have reached the age of 40 are figuring on the increased wear of the strenuous life.

The Pennsylvania railroad system has set the age-limit of employment at 35, and the steel trust has made it 40. J. Pierpont Morgan, however, will continue to hold his job.

Bow legs are to be barred from the American navy. Why should such a rule be put into effect? This country doesn't keep a navy for the purpose of stopping pigs in alleys.

Sir William Ramsey does not beundergraduates on this issue.

Roasted chestnuts, a scientific man says, are an antidote for liquor, and will relieve the craving for alcohol. But who can tell how often a chestnut has driven a man to drink?

Sully, the former cotton king, owes over \$100,000 for jewelry that he bought when he thought he never could lose. His vanity seems to have spread out in more than one direc-

The woman who wants a divorce because her husband growls at her should be compelled to give the real reason. As a rule a woman does not mind hubby's growling so long as he pays the bills.

Mothers, says Baroness von Suttner of Austria, should teach their sons hard to keep Johnny out of the company of those rough boys on the other side of the street.

Ninety-five rich men are going to have a town of their own near Cleveland and permit only millionaires to live in it. They will need some vigorous watchmen to keep people from throwing stones across the line.

William Ziegler, the Arctic exploration enthusiast of Brooklyn, who was badly shaken up in a carriage accident, has discovered that a man does not need to go up into the neighborhood of the north pole to be in personal danger.

New York is to have a ten-story public school building which will hold these seeming maniacs were flashed from 7,500 to 8,000 pupils. It is, of around the world. A million miles of course, to be located in one of the | metallic nerves focused in this center | said Mr. Mason slowly, "and I gave | city of London is homeless. poorest parts of the city. They don't need school buildings of that kind in for the day Wall street is a mundane the more fashionable quarters.

The National Bee Keepers' Association offers \$1,000 to any one who can demonstrate that honeycomb is artificially manufactured. Still, if this has never been done, you might dispose of the formula privately to a syndicate for even a larger sum than

Mrs. Genevieve Chandler Phipps was granted a divorce in nine minutes and twenty seconds at Denver. Probably this time could have been shaved a | til General Carden has the stock in little in the South Dakota courts if it his possession. Send two witnesses spluttered rapidly, and the ominous

If helrosses must marry decorations why not choose the epaulettes of American army officers? That would solve the problem which Gen. Corbin has interjected into American life.

People who get hurt owing to reckless driving of their own automobiles must be astonished at the small supply of sympathy there is in the world.

Apparently the young women of this country are sadly in need of lessons in the art of breaking champagne bottles over the bows of warships.
